

**Five Years of Accomplishments**

*Kathryn Staples shared a big hug when she graduated in 1999. Today, she operates her own day care business. She is an Oregon certified child care provider and has credentials as a Child Development Associate and Professional Development Registry Level II. She is married with four children.*

*Professor Annette Jolin, Ph.D. of Portland State University testified at the Multnomah County budget hearings regarding Better People's effectiveness in reducing recidivism. Board member Jay Swedblom looks on.*

### **Five Years of Helping Businesses Find Better People**

*“Varicast, a foundry in North Portland, has enjoyed a positive relationship with Better People for over two years. Three of the four people we have hired have been employed with us for over one year. I believe this is due in no small part to Better People’s MRT program on the front end, coupled with their long-term job retention assistance on the back end.”*

– Veva Goehler, Varicast, Inc.

*“We have now hired three Better People clients for our milling operation. We have found them all to be responsible and serious workers and would not hesitate to hire others should we have additional openings.”*

– John Spolijaric,  
 Great Northern Products

*“We’ve been impressed with the Better People approach because their MRT program thoroughly prepares people to be reliable employees. Their one- year follow-up after placement is almost unprecedented.”*

– Scott Eave, Vice President  
 Human Resources  
 Gunderson, Inc.
